

## Bella

**Rescued: 6<sup>th</sup> November 2010**  
**Rehomed: 18<sup>th</sup> November 2010**

Bella, a little 4 month old German Shepherd cross, came to us on 6th November 2010. She was found at a junior school near to the hospital in Barnsley in appalling condition (you could feel every rib and vertebrae on her spine). We took her in and settled her into a foster home with another two dogs for company. She has come along brilliantly, so much so that her foster family decided to keep her.

A big thank you to Nicola, Phil, Lewis, Buddy and Wallace for welcoming Bella into their home.

Here are some pictures of her in her new home.
