

Jack

Rescued: 11th May 2011

Rehomed: 22nd July 2011

Jack was rescued from the pound on 11th May 2011. The surprising thing about Jack is that he was already micro-chipped, but when the dog warden contacted the owner he was advised that Jack had been sold to someone else and she didn't want him back.

Jack is a lovely little dog who is good with other dogs and has become very well behaved with cats as he would like the odd chase. He loves nothing more than his walks and running around after his ball.

Jack was adopted on 22nd July by a lovely guy named Brian. Since his adoption he has been put in his place by the cat he now lives with and he has also met Brian's sons Lurcher, Joe. Although Joe growled at Jack at first they soon became the best of mates and were racing around the garden together.

Everyone at Willow is pleased that Jack has finally found his forever home.
